WHAT IS A RESIDENCE VISA TO WORK IN SPAIN AS AN EMPLOYEE?

This visa allows a foreigner, 16 years and older, to work in Spain as an employee.

If the visa is approved, the foreigner has one month (from the approval notice day) to appear in person to collect the visa. Failure to collect the visa within one month will be considered as a refusal of the visa and the application will be filed.

Once the visa is collected, you must enter Spain within the period the visa is valid for and your entry date must be stamped on your passport or travel document. After that -and **within one month of your arrival in Spain-you must request in person your residency card** from the Police Department in Spain (*Oficina de Extranjería*).

ADDITIONAL INFORMATION

Special notes for police certificates

US records issued by the **F.B.I. or State Police background checks are valid. Local Police background checks will not be accepted.**

Also remember that an [apostille](#) certification is required for Spain:

Does the FBI provide apostilles?

Yes. The CJIS Division will authenticate US Department of Justice Order 556-73 fingerprint search results for international requests by placing the FBI seal and the signature of a division official on the results if requested at the time of submission.

Documents prepared in this way may then be sent to the US Department of State by the requester to obtain an apostille if necessary. This procedure became effective on January 25, 2010 and will apply only to documents finalized after that date.

Requests to authenticate previously processed results will not be accepted.

This procedure replaces the letter formerly provided by the CJIS Division that indicated the service was not provided. The apostille service is not provided to individuals requesting search results for Canadian immigration, as it is not required for this purpose.
