

PREVIOUS REQUIREMENTS

You must appear **in person**. Applicants must have permanent residency status in the US.

The request for a visa must be made at the Consulate of Spain which has jurisdiction over the state where the applicant resides. This Consulate General has jurisdiction over the following states: **New York, New Jersey, Connecticut, Pennsylvania and Delaware.**

The visa will be affixed to your passport, before the departure. It is not possible to request the visa in Spain or do the process through the mail.

To book your **appointment**, please [click here](#). It is not relevant if you select “business” or “tourism” for the purpose of the appointment. The Visa Department will assist you according to the long stay visa you are going to apply for. If you can not find availability at your convenience, please revisit the online appointment system frequently since cancellations are usual.

WHAT IS A RESIDENCE VISA WITH NON-LUCRATIVE PURPOSES?

This visa allows you to reside in Spain without working or doing any lucrative activities.

The **resolution time** for this type of visa is between **one and three months**, without counting the time used to consult your case with the *Delegación o Subdelegación de Gobierno* of the city where you are planning to reside in Spain. After that time your application could be considered dismissed.

If the visa is approved, the applicant has one month (from the approval notice day) to appear in person and collect the visa. Failure to pick up the visa within one month will be considered as a refusal of the visa and the application will be filed.

Once the visa is collected, you must enter Spain within the period the visa is valid for and your entry date must be stamped on your passport or travel document. After that -and **within one month of your arrival in Spain-you must request in person your residency card** from the Police Department in Spain (*Oficina de Extranjería*).

ADDITIONAL INFORMATION

Special notes for police certificates

US records issued by the **F.B.I. or State Police background checks are valid. Local Police background checks will not be accepted.**

Also remember that an [apostille certification is required for Spain](#). An apostille is a certification that a document that has been "legalized" or "authenticated" by the issuing agency through a process in which various seals are placed on the document.

Does the FBI provide apostilles?

Yes. The CJIS Division will authenticate US Department of Justice Order 556-73 fingerprint search results for international requests by placing the FBI seal and the signature of a division official on the results if requested at the time of submission.

Documents prepared in this way may then be sent to the US Department of State by the requester to obtain an apostille if necessary. This procedure became effective on January 25, 2010 and will apply only to documents finalized after that date.

Requests to authenticate previously processed results will not be accepted.

This procedure replaces the letter formerly provided by the CJIS Division that indicated the service was not provided. The apostille service is not provided to individuals requesting search results for Canadian immigration, as it is not required for this purpose.
