## RECRUITERS

At **CERN**, the European Organization for Nuclear Research, physicists and engineers are probing the fundamental structure of the universe. They use the world's largest and most complex scientific instruments to study the basic constituents of matter – the fundamental particles, which are made to collide together at close to the speed of light. The process gives the physicists clues about how the particles interact and provide insights into the fundamental laws of nature.

The International Labour Organization (**ILO**) is devoted to promoting social justice and internationally recognized human and labour rights, pursuing its founding mission that social justice is essential to universal and lasting peace. Only tripartite U.N. agency, the ILO brings together governments, employers and workers representatives of 187 member States , to set labour standards, develop policies and devise programmes promoting decent work for all women and men

**WHO**, as the directing and coordinating authority on international health within the United Nations system, adheres to the UN values of integrity, professionalism and respect for diversity. The values of the WHO workforce furthermore reflect the principles of human rights, universality and equity established in WHO's Constitution as well as the ethical standards of the Organization.

**EUROCONTROL** is a pan-European, civil-military organisation dedicated to supporting European aviation. Our raison d'être is to support European aviation and we do this by delivering technical excellence and civil-military expertise across the full spectrum of air traffic management. At the same time we raise the key issues that face our industry and how we believe that EUROCONTROL can help dealing with these challenges.

The **UN-HABITAT**'s vision of "a better quality of life for all in an urbanizing world" is bold and ambitious. UN-Habitat works with partners to build inclusive, safe, resilient and sustainable cities and communities. UN-Habitat promotes urbanization as a positive transformative force for people and communities, reducing inequality, discrimination and poverty. UN-Habitat works in over 90 countries to promote transformative change in cities and human settlements through knowledge, policy advice, technical assistance and collaborative action.
