Entity Presentation (We are)

The mission of Unit E2 is to contribute to the good functioning of the European labour market. To achieve its objectives, the unit pursues the following main activities:

- Monitors the correct application of EU law in the field, in particular by investigating complaints introduced by individuals, the European Parliament and other stakeholders, and take, where appropriate, the necessary actions;
- Contributes to all external activities of the European Union in the field of social security coordination, notably with EFTA countries, candidate countries and in the framework of Association Agreements;
- Promotes evidenced-based information on EU social security coordination, in particular by using networks of experts for training and data collecting, and thereby contributing to an informed debate in the field.
