- assist the Member States in implementing profiling activities and liaise with other external and internal stakeholders in supporting the profiling of the most significant MNEs operating in Europe.
- contribute to the quality assurance work in relation to the national statistical business registers and EuroGroups Register, including assisting the Member States in the implementation of the statistical units (Enterprise and KAU) in statistical business registers.
- interact with stakeholders within the Unit, the Directorate and other Eurostat stakeholders.
- participate and contribute to internal and external meetings.
- collaborate with business statistics/business registers/statistical unit experts in the Member States and EEA/EFTA countries;
