Entity Presentation (We are)

The Directorate General for Taxation & Customs Union's (DG TAXUD) mission is to promote fair and sustainable policies that generate revenue for the EU and its Member States and ensure that EU citizens and businesses benefit from global trade and a safe and secure Single Market protected at its borders.

Within DG TAXUD, Directorate C is developing an overall policy in the area of indirect taxation, including financial sector taxation as well as environmental, transport and energy taxation, VAT, excise duties, behavioural taxes and tax administration. It is also responsible for developing and implementing the Carbon border adjustment mechanism and tax initiatives included in the European Green Deal.

Unit TAXUD.C.3 "Behavioural taxation and other indirect taxes" is in charge of developing and coordinating policies in the area of taxes pursuing other objectives than raising revenue such as, for example, promoting public health, while ensuring their smooth operation at EU level.

The Mission of TAXUD C3 is to ensure the smooth functioning of the EU harmonized excise system (EMCS, horizontal excise legislation), to contribute to EU tax policy development and co-ordination of indirect tax matters (other than VAT and green taxation) such as taxation of tobacco products and alcoholic beverages, by developing and following up EU legislation and other appropriate initiatives in the field of indirect taxation in line with the Treaty objectives and in particular with the needs of the Internal Market and Health Union, as well the fight against fiscal fraud. This concerns notably issues of development, interpretation, and application of the EU excise system but also other non-harmonised indirect taxes, in particular behavioural health taxes. This involves, in the field described above, the management of infringement procedures and legal disputes before the Court of Justice including references for a preliminary ruling, the management of complaints as well as of petitions submitted to the European Parliament including the preparation of replies to parliamentary questions and to the letters of European citizens and operators, and the provision of legal support to the indirect tax units within Directorate C and opinions on state aid cases.
