1. INTRODUCTION

1.1. Introduction to the call and its aims

Casa Árabe and PHotoEspaña jointly present the fourth edition of NUR, an open call for applications for a photography exhibition that will be displayed at Casa Árabe's premises as part of the 26th PHotoESPAÑA International Photography Festival, within its official programme, to be held in 2024.

The aim of this open call is to promote and publicise a project **that looks at one or several aspects of Arab societies, from a contemporary curatorial perspective that includes the idea of "perpetual movement" (Perpetuum mobile)**, the thematic axis of PHotoESPAÑA 2024. Similarly, Casa Árabe joins PHotoESPAÑA in a new cycle that seeks to devote special attention to new practices, formats and channels of creation and production; with a focus on the emerging figures of the international scene, which today rediscovers and emphasizes identities and collectives considered peripheral in the last century by virtue of their gender, origin or sexual condition; and also to the freedom and transdisciplinarity of artists from different generations.

The call is aimed at **curators or institutions**, who have demonstrable prior experience and who submit an exhibition project which complies with the guidelines outlined here.

All projects will be reviewed and evaluated by the organisation, which reserves the right not to admit those that do not meet the requirements of the call.

The selected project will be on public display in the form of an exhibition at Casa Árabe's Madrid premises (c/ Alcalá, 62) in June 2024, as part of the 27th PHotoEspaña Festival, with the possibility of it being shown at a later date at Casa Árabe's premises in Córdoba (c/ Samuel de los Santos y Gener, 9).
